Claim 12 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. There is no antecedent basis for "decorative cover member". Is claim 12 meant to depend on claim 11?

Claims 1-11 are allowable.

The prior art of record does not teach nor does any combination thereof fairly suggest a merchandising display rack having threaded rod-like member connected to mounting sockets as recited in independent claims 1 and 11.

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Similar display racks are illustrated by Cordes 2,557,262; Kramer 933,650; Liu 6,523,707.
